Summary

I am a senior at the University of Washington pursuing a degree in Human Centered Design & Engineering with a passion for web development, all things data, and the great outdoors!

Education

University of Washington
Human Centered Design & Engineering
Graduating Fall 2017

Experience

IMS Health
Front-end Web Developer

Summer 2016

Used React, SASS, and D3.js to build a single page application documenting components in IMS Health's Apollo UI project

UW Sustainability
D3 developer

Fall-Winter 2016

Used D3 to make reusable and interactive Sankey diagrams modeling different sustainability issues

Jimmy Johns Gourmet Sandwiches
Bicycle Delivery

Summer 2015

Worked dispatch, phone, registered and delivered sandwiches in downtown, Seattle

HCDE 310 — Forecast Finder
Developer

Fall 2015

Used python, dark sky API, and the Google Maps API to make an interactive map that responds to user clicks with weather information
